State Accountability Information

Mississippi's unified accountability model has both a state and federal component. The state component is not regulated by the requirements of NCLB resulting in some indicators of success in the state component differing from those in the federal, or NCLB, component. Additionally, in some instances the state and federal model use different measures of the same indicators. For example, NCLB requires the use of a 4-year graduation rate, whereas the state component uses a 5-year graduation rate.

Quality of Distribution Index (QDI):	209	209
Growth Status:	Met	Met
5-Year Graduation Rate:	89.7	76.0
High School Completion Index (HSCI):	256	

Notes: Only districts and schools serving grades 4 or higher are assigned an Accountability Status and Growth.

Possible Accountability Status: A, B, C, D, F.

NCLB Annual Measurable Objective (AMO)

A district or school is responsible for making annual measurable objective (AMO) in three areas: Reading/Language Arts, Mathematics, and a third academic indicator referred to as the "Other Academic Indicator." The "Other Academic Indicator" for schools without a grade 12 is the attendance rate. For schools and districts with a grade 12, the indicator is the graduation rate.

If a district or school does not meet AMO in any one of the three areas, the district or school is considered to have not met AMO.

Assessment Participation Rates

While NCLB requires the testing participation rates of the following groups of students to be reported in Reading/Language Arts, Mathematics, and Science, not all subgroups are considered separately when determining adequate yearly progress. Additionally, although NCLB requires the reporting of participation rates for the Science assessment, the results of the Science assessment are NOT used in AMO calculations. For those groups of students used in AMO calculations, NCLB requires that a minimum of 95% of all students in the group must be tested.

Exemption of Recently-Arrived Limited English-Proficient Students from State Assessments

NCLB allows for a one-time exemption of language arts and/or mathematics scores for recently-arrived LEP students. A recently arrived LEP student is defined as a LEP student who has attended schools in the United States (not including Puerto Rico) for less than 12 months. (Counts less than 10 students suppressed)

ESEA ANNUAL MEASURABLE OBJECTIVE

The NCLB requires the reporting of the results of a district or school in meeting annual measurable objective (AMO) in Reading/Language Arts and Mathematics by subgroup. The results are shown below. The Achievement Index assigns 1 point for students scoring Proficient and Advanced and a half point for students scoring Basic. The AMOs were established based on student performance in 2011/2012.
